Letter No 6542 dated 28th March 1877 from the Deputy Accountant general in Mysore

With the above, the Deputy Accountant general submits the Budget estimates of the three Municipalities of the Chitaldroog District named in the margin, for the year 1877-78.

Chitaldroog
Davanagere
Harihar

Chitaldroog Town Receipts.

The estimated cash balance on 1st April was Rs 175 as against Rs 1720 of previous year. The estimated Receipts for 1877-78 amount to Rs 6460, as compared with Rs 7607 of previous year. A grant-in-aid of Rs 1000 was allowed in 1876-77 from Local Funds general which being deducted the net decrease in the estimated receipts is only Rs 207. The decrease is principally under Octroi and Rents,

present depressed state of trade owing to the existing drought and the great mortality amongst cattle, I think the estimates may be accepted.

The estimated charges for 1877 78 amount to £ 6390 against £ 9231 of last year, according to the particulars given in the accompanying statement. Under "Head Office Charges" the amount entered is £ 218. To this the Acctt General has added £ 54, the salary of the Clerk in his Office. The sum of £ 4, which, as directed in Chief Commissioner's Circular No: 139 of 5th April 1876, is debitable only to the Chitaldroog Division, has been debited proportionally to the three Divisions of

less than the amounts Sanctioned in Chief Commrs Pro. 8913/9174 dt 29th Novr 1876, viz Rs 1620 for "Police" and Rs 1500 for "Conservancy" The decrease, especially under the former head requires explanation.

5 The provision for "Collection" and "Lighting" is the same as last year. There is an decrease of Rs 10 under "Miscellaneous" which calls for no remark.

The several items that comprise the head 'Public Works' are noted in the margin, and then given the total.

opening balances are estimated at Rs 4401 or Rs 968 more than the gross income of the past year. The net increase of Rs 1696 in the estimated income of 1877-78 over that of last year is said to be owing to the high bid of Rs 1,545 offered through brisk Competition when the right of collecting duty on Octroi was, as usual put up to Sale by public auction and to the reversion of the rate which was fixed of "House tax" at 1 per cent on the value of the houses Hence Rs 1500 have been entered under "Octroi" and Rs 2,213 under "Tax on houses". The decrease noticed in the estimates under "Fines" "Pounds" and Miscellaneous", is trifling The estimate of receipts calls

calls for no Special remarks.

6. The estimated ex-
expenditure under
all heads is put down
at Rs 4,274 or Rs 1,392
more than that of last
year. The increase is
under "Head office charges"
"Public Works" and
"Miscellaneous". The
increase Rs 22, under

owing to a portion of

The increased provision of Rs 50 under 'Miscellaneous' may be passed subject to the necessity being explained.

The other items of expenditure call for no remarks.

The estimated receipts of Haribar for 1877 78 are Rs 1329 including the probable balance at the end of 1876-77 The estimate exceeds that of the previous year by Rs 140. The increase is under "Abkari and "Tax on houses". There is also a decrease of Rs 23 under 'Pounds', and the estimate under Fines" which, last year, was Rs 10 is nil this year. The estimate may be accepted.

13 There is an increase of Rs 6 under "Head Office"

Officer charges", owing to a portion of the Salary of the additional Clerk in the Chief Commissioner's Office having been debited to the Municipality, as mentioned in para 3 above.

11. An increase of Rs 50 is entered under "Contingencies for "Other Miscellaneous, viz Temporary Peons, &c." which may be passed Subject to the necessity being explained.

Memo.

Letter no: 66 dated 6 April 1878, from the Deputy Accountant General in Mangalore.

I-o 3 Sy. 22/4/78.

With the above, the Deputy Accountant General submits duly checked, the Budget Estimates of the three Municipalities in the Chitaldroog District for 1878-79.

1. Chitaldroog Town.
2. Davangeri Town.
3. Harihar Town.

Chitaldroog Town.

Receipts.

The Estimated income of this Municipality is Rs 5,595, against Rs 6400 of last year. Adding to this, the probable cash balance on 1st April 1878, viz Rs 2801, the total amount available for expenditure would be Rs 8396.

2. Octroi. The receipts from Octroi, which consists of the two marginally noted items, are Estimated

Items	Estimate for 1877-78	Estimate for 1878-79	Difference
Octroi	1500	1300	
Cloths		130	
Total Rs	1500	1,430	-70

at ₹ 1430. deducting from this, the estimated ~~income~~ charges, viz ₹ 240, provided for on account of the establishment for collection of octroi, there remains a Sum of ₹ 1190 which is less than the amount of contract offered during the year 1877-78, and the net realizations of 1876-77 by ₹ 310 and 57, respectively. Pending the revision of the list of articles subject to octroi duty, the Dy. Commr. Estimate may be accepted.

3 The Estimated income from "Miscellaneous Sources" viz ₹ 185, is not warranted by the actuals of 1876-77 which amounted to ₹ 1227, but taking into Consideration the actuals of the first 6 months of 1877-78, viz ₹ 88, the Estimate may be allowed to Stand. Miscellaneous.

4 The other items of income

income call for no Spec remark.

Expenditure. 5 The estimated Expenditure under all heads amounts to Rs 7043 against Rs 7814-0-0 of last year.

6. Collection Establishment

The charges under this head compress the two following items.

Items	Estimate for 1877-78	Estimate for 1878-79	Difference
1 Collection of Octroi	.	240	+240
2 do - Tax on Houses &c..	288	348	+ 60
Total Rs	288	588	+300

I should like to know whether any objection can be taken to Octroi being levied in Chuttalpore. In case no objection can be taken I would suggest that the Octroi be imposed and the Town Duties abolished [illegible]

7 The Octroi establishment proposed consists of 4 peons on Rs 5 per mensem each or Rs 240 per annum. This may be sanctioned temporarily for one year, by which time the actual requirements will be ascertained.

Octroi has been levied here not only in Chuttalpore Town but also at Duranga & Hamirpur [illegible]

8 The charges under item no 2 exhibit an increase of Rs 60, which, as will

-ice seen from the details of Establishment furnished by the Mr Commr is owing to the increase of Rs 5 per mensem provided for a Moorsaddy on Rs 10. The necessity for this provision has not been explained; and the item may, therefore, be disallowed.

9. The Expenditure under Head Office Charges. this head is put down at Rs 272, being the same as that of last year. The provision under the head "Miscellaneous & Contingencies of District Valuers" has been raised from Rs 40 to Rs 76 by mistake, it is said, contingent charges, viz Rs 36, debitable to the Chitaldrog Municipality. The sum of Rs 36 ordered to be Contributed by this Municipality in this Office no. 2774 of 10th Novr last, on account of Establishment & Contingent charges, Mc 241 was in lieu of the 48 Rs hitherto paid. The amount

Standard.

Should therefore be reduced from Rs 76 to Rs 40 and the sum of Rs 36 entered under "Head Office" instead of "4 Miscellaneous". The provision under "Head Office" will thus stand at Rs 288.

Public Works

10 The outlay on Public Works is estimated at Rs 2567, as detailed below, which may be sanctioned.

I Original Works

(a) V Shaped drains Rs 700.	
(b) Construction of dust boxes.	117
(c) Construction of a bonded warehouse	1,000
(d) Reserve.	90
Total of I Rupees	1,907.

II Repairs

(a) Annual maintenance of Roads & drains Rs 500.	
(b) Karangee tunnels & Karangees..	100
(c) Marking numbers to houses	30
(d) Reserve	30
Total of II Repairs	660
Total of Public Works	2,567

× This may be deferred until the proposal to erect a special building for the purpose has been sanctioned.

Police

11 The provision under this head is Rs 1581,

against Rs 1614 of last year. From the particulars given in the margin, it will be seen that, for the current year, a provision for a Duffedar on Rs 10 per mensem, has been newly entered; and the provision of Rs 150 made last year for the 4 additional constables alluded to in the Commr's no. $\frac{148}{6}$ dy 16th May 1877, omitted this year. The strength of the town Police at Chitaldroog, sanctioned in Ch. Commr's Bro no: $\frac{3426}{31}$ dy 6th July 1876 amounts to Rs 1500 as noted in the margin, whereas the provision now made is Rs 1584. The increase is in the number of 1st Class peons, which is one more than the Sanctioned scale. This requires explanation.

12. The provision for clothing mentioned

Details	No.	Estimates 1877-78	Estimates 1878-79	
1 Jamadar at Rs 20	1	240	240	
1 Duffedar at Rs 10 ..	1	-	120	+120

5. 1st Class peons at Rs 7 each 420
10 2nd Class peons at Rs 6 .. 720
Total. 1500

mentioned in the order of 6th July 1876 is ₹ 120, but in the present Budget there is a Sum of ₹ 300 provided under "Other Miscellaneous items, Such as allowance to Hospital Asstt temporary Establishment Dresses of Police &c" but what portion of this Sum is on account of clothing, is not clear The Dy Commr may be asked to furnish detail for the item of ₹ 300. The provision merely made for payment of allowance to Hospital Assistants also needs explanation.

Dharangaon Town.
Receipts.

13 The Receipts including the cash balance on 1st April 1878 of ₹ 1144 are Estimated at ₹ 3437 against ₹ 6029 11 4 in the past year.

Octroi

14. The Estimated income from Octroi, is ₹ 510 thro'

considerably less than that of 1877-78 may be accepted being based on the actuals of the 1st 6 months of 1877-78, which amounts to $234.

15. The estimates under the other heads of Receipts call for no special remarks as they are based more or less on the actuals of 1876-77 and of the 1st 6 months of 1877-78.

16. The amount proposed to be expended is $3342. Expenditure.

17. A provision of $240 has been made under the head "Octroi Collection" to meet the pay of 4 peons at $5 each per mensem. To collect $500, an establishment costing $240 is, I think, unnecessarily large. I think two peons would suffice for Octroi Collection

Head Office. 18 The charges under Head Office have to be reduced from Rs 172 to Rs 150 for reasons stated in para 9 above.

Public Works 19 The provision on account of "Public Works." is Rs 1404 against Rs 3584 of the past year, as detailed in the margin. This may be passed.

With regard to the low receipts budgetted under Octroi the Commissioner remarks that it has not been considered safe to name a higher figure than what has now been proposed owing to the fact that the present scarcity of food greatly affects the consumption of the articles of luxury subject to Octroi. Dy. 28th March 1876.

Deputy Accountant Genl's letter No. 5614 of 28th February 76, with its enclosures.

Order thereon.

The Offg. Chief Comr records his sanction to the Budget Estimates of the Municipalities of Chitaldroog, Davanagere and Harihar for the year 1876-77, with the following exceptions.

2. Chitaldroog Town. The receipts under the head "House tax" appear to have been under-estimated being fixed down at Rs. 1200/ or Rs. 227 less than the amount of collection for the past 11 months of the current year. The Dy Commrs inquiries however, allowed to stand ~~and~~ but the Commr is requested to convince

whether they cannot
be safely raised.

3. Davangere The total
Estimated expenditure
amounts to Rs 3382 or
Rs 1228 in excess of the
anticipated income, and
the Dy. Commr proposes
to meet this excess from
the previous years' cash
balance of Rs. 1279 stand-
-ing at credit of the Mu-
-nicipality. ~~But~~ The
Offg. Chf Commr observes
that it is not desirable
to appropriate this ba-
-lance, which is very
small, for execution of
works of an ordinary
character, and ~~he~~ accord-
-ingly directs that of
the works proposed to be
carried out in the next
year, the item of open-
-ing new roads and
of ~~Constructing~~ Latrines
be deferred for another

year, thereby reducing the total expenditure by Rs. 500/-.

Read - Para 2 of the Chief Commissioners Proceedings dated the 28th March 1876 No. 10218/646 observing that the Estimate under the head of House Tax for the year 1876-77, which was Rs 1200, appears rather low, and directing that it may be considered whether the figure cannot be raised.

2 The Committee beg to point out that upon a careful revision of the valuation of the houses, in the presence of a Punchayet, the Vice President has prepared, and submitted a Statement showing Rs 1279 as the amount of House Tax receivable during the year at 1 per cent upon the valuation. The valuation upon which the tax was levied

Collected gave rise to much dissatisfaction. It was therefore considered necessary to revise the valuation with the assistance of some leading members of the Committee. The Vice President has himself personally attended to this duty.

3 The Committee in their meeting held on the 21st June 1876 came to the resolution that it would be well to utilize the sum of Rs 1000 sanctioned by the Chief Commissioner in Proceedings No. 865 dated the 29th April 1876 for the Construction of a direct channel from the Timmanayak Tank to "Kurverty". The Commissioner with reference to the above proposal has been pleased to enquire how the special water supply projects, with reference to which the grant was obtained, has been provided for. The Committee beg to state that no expenditure for the repair of old wells which is one of the special projects alluded to was incurred. The wells which were proposed to be repaired were claimed as private property, and the owners of some of them further repaired them at their own cost. Regarding the others, the owners requested that they might be repaired by the Municipality, but as they

did not express their willingness to keep them open to the use of all classes of the Community, and wished in this respect to place restrictions which were not Compatible with the interests of the Public in General, the municipality declined to undertake their repair. The execution of the Timmanayakan Tank repair has been fully Completed, and the Committee have managed to meet the Cost Completely, independently of the grant. This they have done with the special hope of reserving the amount of the grant for the work upon which it is now proposed to utilize it, and of the necessity of which the Commissioner himself from actual personal observation and examination of the present channel during one of his recent visits to the town has been Convinced. The Committee therefore beg to reiterate their request that the Commissioner will be pleased to obtain sanction for the utilization of the grant in the way provided. An Estimate prepared for this work is herewith submitted. The Cost is, as estimated Rs 1900. The manner in which funds are proposed to be found to meet the difference of 900 Rs is referred to and the amount [illegible]

will be submitted below.

4 The Budget prepared in last November for the Current year gives the receipts as Rs 6508 including 500 Rs, the balance at the end of the last year. But this balance owing to the incompletion of some works which were expected to be Completed within the past year and for which appropriation had been therefore made to the full extent in the past years budget, has actually been found to be Rs 1600 viz 1150 in excess of the Estimate. Besides this, the tax on piece goods, which in accordance with the Chief Commissioners sanction is being collected from the 1st June 1876, is estimated to give 500 Rs more to the estimated receipts during the Current year. This with the 1000 Rs being the amount of the special water supply grant alluded to, will give 2720 ~~2662~~ more to the receipts than the budget figure, if not more. It is proposed to devote 1900 Rs out of this amount for the channel work proposed and to utilize the remainder in some other way with reference to the requirements of the municipality.

5 The accompanying revised Budget has been prepared with a view to exhibit as

in one view the actual financial position in which the municipality finds itself owing to the above fluctuations in its income, and the Committee after making provision for the last years Incomplete Works and the ordinary permanent expenditure of the town, provide therein for the new channel work proposed, and the other original and repair works mentioned in the past years sanctioned Budget, and the Correspondence that has subsequently taken place on the subject up to date. The Committee beg that sanction may be obtained to this Revised Budget. The following explanations will elucidate such points as may appear deserving of notice in Connection therewith.

6 The past years balance and the House Tax which were as already stated Rs 1640 and 1279 respectively, the special water supply grant of 1000, and the estimated piece goods tax receipts amounting to Rs 500, give a total of Rs 4419. The Octroi Tax levied in the former Budget was estimated to yield Rs 1100 has actually fetched Rs 1120, in the auction. This amount has therefore been given in the Revised Budget. The other items

under the receipts side in the Revised Budget are all as in the former Budget and amount to Rs 3708. The total amount under the receipts side is therefore Rs 9347

7. Of the items on the expenditure side, viz I. 2. VII, IX, and XII. 3. are as in the former Budget amounting to 2004 Rs. The Item II is now Rs 218, while it was Rs 794 in the former Budget. This is owing to orders having been received to provide for a Contribution of 4 Rs being paid by this District towards the salary of a Writer underlaund at the Chief Commissioner's office and to the Deputy Commissioner having apportioned a sum of 20 Rs to this municipality as its yearly quota of the Contribution. Item IV which had formerly Rs 1176 has now 1620 owing to the increase of Police establishment recently sanctioned. All these items which Compose charges of a permanent nature amount to Rs ~~3842~~ 3880.

8 Under the head of repairs, provision had been formerly made for 950, 500 Rs being for the annual maintenance of roads, and 450 Rs being for clearing Koochungy Fonda. It is proposed now to retain the Road maintenance provision of 500 Rs and reduce the provision for

Poocheyy Kouda from 450 to 150 Rs. This provis
of 150 Rs is deemed sufficient for the present, and
Comprises the appropriation required for the Co
plete Work mentioned as item No 2 in the Deputy
Commissioner's Statement of Incomplete works
recently submitted to the Commissioner The
provision required for the Incomplete Works Con-
-nected with the Timmanayakan Tank and Ka-
-Ranjee Tunnel, which appear as Items 1 and 3
in the Deputy Commissioner's Statement, was
according to the Statement Rs 676. The same
provision has been made now. A sum of Rs 34
has been provided as reserve. The total provision
under the head 'Repairs' is therefore Rs 1360.

9 The Original Works provided in the former
Budget included the Construction of a Market
But this project has been with the approval of
the Commissioner abandoned The other Works
were the Construction of dust boxes at a Cost
of 300 Rs, and the felling in of the trench at a
Cost of Rs 200. These two works are proposed to be
retained. It is further proposed to reserve 1200
Rs for the Construction of drains. The above two
vision made for dust boxes and for drains
will meet the appropriation required for

incomplete Original Works mentioned in the Deputy Commissioners Statement in Connection with the municipality. These Original works amount to Rs 1700 Add to this the sum of Rs 1900 provided for the new channel project already referred to, and a reserve of 150 Rs proposed to be provided. The total provision for Original works then becomes Rs 3750.

1700
1900

3750

10 Under the head "Miscellaneous", Rs 30 had been provided in the former Budget, but it is now proposed to increase the figure to 200 Rs, having regard to the increased miscellaneous expenditure that may become necessary in Consequence of unforeseen Contingencies in this season of sickness. Now and then the entertainment of extra sweepers becomes necessary and also extra charges by way of feeding poor cholera patients and fumigating their houses, and for the purpose of burying the bodies of those, who have no property, are incurred. Sometimes a Cart is required to be allowed to the Hospital Assistant to move about the town in time of exceptional sickness. All these Contingencies make it necessary that a sum of 200 Rs at least should be provided for this expenditure.

H.

The total Expenditure under all heads thus amounts to 9152 Rs

Letter No. 3702 of 19/10/76 from the Dy. Actt. General.

With the above the D. A. G submits, for sanction, revised Budget estimates of the Chuladrug Municipality for 1876-77.

2 The statement in the margin shows the variation in the estimates under the several heads of Receipts and Expenditure in the Original Budget sanctioned in G. O's Progs No. 10218/646 of 28/3/76 and in the revised Budget.

3 The Grand total of the Receipts in the revised Budget - Rs 9327/- is more than that of the Original Budget by Rs 2819, which is made up of an increase of Rs 520 under "Octroi", Rs 79 under "Tax on houses" and Rs 1000 from "Local Funds", and Rs 1220 under "Balance of last year"

4 The Total Estimated Expenditure in the Revised Budget - Rs 9152 - exceeds that of the Original Budget by Rs 3000. The difference between the estimated Expenditure of the Original Budget and that of the Revised Budget consists of a decrease of Rs 34 under "Head Office charges and an increase of Rs 2510 under "Public Works

5. The variation in the estimated receipts and Expenditure under their several heads in the Original and Revised Budgets and the causes assigned for it are transcribed below side by side.

Extracts from the Progs of the Chittal drug Mt Board dated 21st August. 76.

(a) Extract from para 6. "The Octroi which in the former Budget was estimated to yield Rs 1100 has actually fetched Rs 1120 in the auction."

(b) Extract from para 4. "The tax on piece goods which in accordance with G. O's sanction is being levied from the 1st June. 76 is estimated to give Rs 500".

(c) Extract from para 2 - "Upon a careful revision of the valuation of the houses, in the presence of a Punchayet, the Vice President has submitted a statement showing Rs 1279 as the Amount of House Tax receivable during the year at 1 per cent upon the valuation."

6 Dafdar 1 :- The estimated House Tax in the Original Budget being Rs 227 less than that of the preceding year, it was ordered to be revised (Vide para 2 C.C.'s Progs no. 10218/646 of 28/3/76.)

On the explanation now tendered the figures in the revised Budget may be accepted

	Original Budget	Revised Budget	Increase
Octroi	Octroi 1100	Octroi 1120	20
Octroi	Tax on piece goods 500	Tax on piece goods 500

Extract from 7 of the Municipal Boards Progs

Original Budget	Revised Budget	Decrease
252	218	34.

"The Item II is now Rs 218/- it was Rs 198 in the former Budget. This is owing to orders having been received to provide for a contribution of Rs 4/- being paid by this District towards the salary of a writer entertained at the chief commr's office and to the Dy commr having apportioned a sum of Rs 20 to this Municipality, as its yearly quota of the contribution."

8 Tirthahalli The above is an error. Under the head of Head Office Charges Rs 25·2 were sanctioned in the Original Budget – Vide this office Copy of the original Budget and C C's Progs No. $\frac{10218}{646}$ of 28/3/76.— Subsequent to this in G. O's Progs no $\frac{139}{1}$ of 5/4/76 (Vide copy put up) it was ordered that Rs L

permensem (ie Rs48 per year and not Rs 20 per year) should be charged to the Chulaldrug Municipality and not to the Chulaldrug Disbrict as stated in the above extract. Therefore in the revised Budget the Head Office Charges of the Municipality should have been put down at Rs 300 (ie Rs252 plus Rs48) instead of Rs218.

9 The Original Works sanctioned in the Original Budget were —

(1) Construction of a market — Rs 1000
(2) do Dust bins Rs 300
(3) Filling and levelling the trench . . Rs 200
Reserve - Rs 150
Total Rs 1650

The first of the above named original works was abandoned at the instance of the Commrs while the two others are retained. The original works now proposed in the Revised Budget are as follow —

(1) Construction of a channel from Tuminarcy akenkere Tank direct to Karenerdy. Rs 1900
(2) Construction of Drains Rs 1200
(3) do Dust bins Rs 300.
(4) Filling and levelling the trench . . . . . Rs 200.
Rs 3600
Reserve Rs 150
Total Rs 3750

(Vide para-9. B/F Page)

10 Inspection Note.

As the repairs to the water supply reservoir of the town will be completed without spending any money out of the Rs1000 referred to in para 7 above and as the restoring of the wells was found impracticable, the Board have included the Rs 1000 in the revised budget under Receipts and request sanction to this sum forming part of Rupees 1900, the cost of the proposed channel from Linmanayakankere tank to Karaveriy, and to the Estimate for the work for Rs 1900 submitted with the Commr's letter No. 603/149 of 7/10/76.

The estimate may be sanctioned. (Vide paras. 3, 4, & 9 of the Board's Proes.).

11 Para 8 - Board's Proes

Sir,

With reference to your No. 77 of 2d Inst., calling for an explanation to the remarks made by the Chief Commissr in his Proceedings No. 203/Municipal/18 d/26th April 1877, I have the honor to state with reference to para II that the correspondence relating to the employment of 4 additional Town Constables was partly carried out in the Municipal & partly in the Jud. Departments. The final orders on the subject I regret to say, were owing to an oversight in my office, not communicated to the Municipal Clerk before the ~~submission~~ submission of the Budget for

for 1877-78. Hence the error which has been pointed out. To make up the amount to Rs. 1,620 minus Rs. 6 for the cost of the Town Police Chitaldroog as sanctioned by the Chief Commissioner, I request that the item "other Miscellaneous" in which a sum of Rs. 150 has been provided, may be added to the sum of Rs. 1,464. The necessary alterations have been made in the office copy of the Budget.

2 As regards the 3d para of the proceedings alluded to above, I beg to explain that Rs. 50 had been provided under the head "other Miscellaneous" to meet extra charges for the employment

employment of a Temporary Conservancy Establishment for each Town which is executive for the removal of rubbish &c in the event of Cholera or other sickness breaking out, or to meet any unforeseen expense that might arise.

Sir,

Adverting to your dockets Nos 116 and 211 dated 15th May and 22d June 1878 respectively, I have the honor to submit the following remarks on the points noticed in paras 4, 6, 7, and 8 of the Chief Commissioner's Proceedings No 359-60 dated 30th Apr. last. Mil. 33

Para 4. 2. The increase of Rupees 5-- in the pay of the Municipal Inspectors of Cuttack town appears

have been provided for in con-
sideration of the increase of work
devolving on him in consequence of
the octroi duties being collected by
Government agency which necessi-
tates additional accounts being kept
up &c.-

3 The Construction of a Bonded Para 6.
warehouse at a cost of Rs 1000-0-0
was advocated in the Chief Commis-
sioner's Proceedings No 2227 dated
No. 227
26th October 1877. Hence provision
was made for it in the Budget.
The necessity for the work will be
discussed in the next Municipal
Meeting and a further report will
be submitted on it. I do not
think it is necessary in the
town of Chittaldroog where trade
is very slack.

The

Para 7 4. The increase of Rs. 84-"-" under the head "Town Police" over the sanctioned scale was due to a mistake committed in inserting the number of 1st. Class Constables as 6 instead of 5.

Para 8. 5. The sum of Rupees 300-"-" provided in the Budget under the head "Other Miscellaneous Items" was intended to meet the cost of dress to the Town Police, and other charges of a contingent nature, namely extra allowance to Municipal servants in consideration of the high prices of grain, pay of additional Conservancy Establishment that may be required in case of any epidemic diseases breaking out in the town, and rewards to persons killing venomous snakes and mad dogs—

Read the Commissioner's docket No. 116 dated 15th May giving cover to the Chief Commissioner's Proceedings No. $\frac{359-60}{33}$ of 30th April last.

The Committee having duly considered the local consumption and the articles of Octroi in transit, has unanimously expressed, that the construction of a Bonded warehouse is unnecessary in as much as Bonded warehouse is intended for the safe keep of octroi articles in transit for some days, and in a place like Chittledroog where trade is comparatively small and articles are not brought in any considerable quantities, such a thought as the Municipality would be benefitted with any increase of

Bonded warehouse must necessarily prove a failure.

The Committee resolved on the above grounds, that for the present the construction of Bonded warehouse be postponed.

Read - the Municipal Budget Estimates of the Cleitaldroog District for the year 1879-80, submitted with Despatch Commissioner's No. 777 of 5th December 1878.

1. There is no change in the number of Municipalities in the District for the ensuing year. They are treated below in order of their importance.

Cleitaldroog Town. The receipts for 1879-80 are estimated at Rs. 5,300, which is less than those for 1878-79 by Rs. 295.

2. The subjoined table exhibits the increase and decrease proposed on each item put down in the Credit side of the Budget. The reasons for the fluctuations are fully explained in the Despatch Commissioner's Report.

Items	for 1879-80	for 1878-79	More	Less
Octroi	1,450	1,430.	20	"

Miscellaneous	200	185	15	"
	5,300	5,595	70	365

Net increase 295.

Rs 24 under Establishment.
The other items of Expenditure call for no remarks.

12. In para 21 of his Report the Deputy Commissioner advocates the introduction of the "Case on Piece Goods", the Realization from which is estimated at Rs. 200-

13. The Deputy Commissioner's Report on the Budget Estimates is enclosed-

Report on the Budget Estimates of the Municipalities of the Chittaldoog District for the year 1879-1880.

Municipality

The total Estimated income, including the probable balance on the 31st March 1879, is Rs 6887 against Rs 8396 of last year. This great difference of Rs 1509 is attributable to the small balance entered in the Budget under report and the precise estimation of Receipts under various Heads."

2. It will be observed from the Budget that only a small increase or decrease in the various Heads of Receipts, is found, but however some of them, requires a a short explanation.

3. Tax on Octroi — A sum of Rs 1450 is Budgetted, under this head against Rs 1430 of last year. The slight increase of Rs 20 is made, paying attention to the increase of realizations for the last 6 months under the sub head "Tax on piece goods"

4. House tax – Realizations under this head is estimated at Rs 1200 against Rs 1300 of the previous year, the decrease being attributable to the reduced number of Houses in the Municipality. The effects of famine are such that some of the houses were deserted and others are in ruins. To collect tax from the poor class is beset with so many difficulties that every effort, the Municipality is driven to the necessity of remitting it.

5. Mohaturfa – Collections – A sum of Rs 2300 is entered in the Budget against Rs 2500 of the current years'. The same reasons mentioned for decrease of House tax are applicable also to the decrease under this head.

6. A slight increase is made under the Heads "Fees, "Pounds", and "Miscellaneous" owing to the good prospects of the coming year.

7. On the expenditure side of the Budget, it will be observed that the total expenditure namely Rs 6119,

is less than that of previous year, by Rs 6/-, the decrease being under the head "Public Works."

8. Under the head "Collection for Octroi tax", a sum of Rs 192 is provided against Rs 240 of the current year, having made use of the difference under the head "Office Establishment."

9. The inconvenience caused by want of the services of a peon for the Municipal Department, has often been brought to notice, and in order to remedy it, a provision is made in the Budget under the "Head Office Establishment" for the entertainment of a peon at Rs 6 per mensum. It will be observed from the above para that Rs 48 is saved by reducing the pay of the peons for Collecting Octroi tax, and the amount thus saved is provided for the pay of the peon. Sanction for the entertainment of a peon is solicited.

10. No other establishment is included with, but entered as it was mentioned in the current years Budget. The sum-

pri...

provided under the ad
ie the current years Budget, is distributed
to each of the heads of the Establishment
under the name "Contingencies of the above"
vide Budget Statement Exo. IA.

11. 3. Original Works.

Rs 1200 are provided for the Construction of "V" shaped drains in the town.

Rs 100 are mentioned for the Construction of Dust Boxes.

4. Repairs

Rs 300 Annual Maintenance of Roads and Drains

Rs 300 Repairing the Dam to prevent Hulchungi Honda being silted up by Sand.

The above mentioned works are only mentioned in the Budget. With regard to condruction of Bonded warehouse vide the proceedings of the Municipal Committee held on the 30th November 1878 in which the Committee resolved that the construction of the house alluded to be postponed for the present.

12. A Sum of Rs 50 is provided under the head "Other Miscellaneous", with a

over.

Rs 100 to meet the expenses incurred for destroying snakes, and stray dogs as also to meet any other expenses that may be incurred for works or establishment such as temporary Establishment, if epadimic decease break out in the town.

Davengere Municipality

13. The gross income of this Municipality is estimated at Rs 2317 against Rs 3437 of the current year. In the Budget for the current year a balance of Rs 1146 was entered whereas in the Budget under report only Rs 95 is entered and it is thus obvious that the gross income of the year under report falls short of the last year by Rs 1120.

14. No explanation with regard to the Receipts under each head is necessary save Receipts under Octroi tax which is estimated at Rs 350 against Rs 500 of the last year. The articles of Octroi, says the Municipality are not brought in large quantities owing to the small consumption

town and further that if tax on piece goods be introduced in Daraengse the revenue under this head will increase. The same ad valorem duty which is levied by the Chittal Durg Municipality may be levied in Daraengse also. Sanction is solicited for the introduction of the tax.

15. The expenditure under all Heads is estimated at Rs 2317 against Rs 3200 of the current year, the decrease being in the public Works.

16. The pay of each Sweeper is reduced by one Rupee and two Latrine Sweepers are added to the Conservancy Establishment. These latrine Sweepers are very essential to remove the night soil especially in a place like Daraengse where people of both sex resort to latrines. No other alterations are made in the Establishment.

17. As there is no sufficient Money to provide for works required to be done in the Municipality, a Sum of Rs 300 is mentioned for two Original Works.

1. 200 Rupees for the C
Latrines.

2. 100 Rs for Constructing Duct Bones.
Repairs.

3. 130 Rupees for Annual Maintenance
of Roads and Drains.

18. As the provision made in the current years Budget for the Dispensary charges is deemed insufficient, a sum of Rs 150 is provided in the Budget under Report.

19. A sum of Rs 100 is provided under the head "Miscellaneous" in order to meet the Cost of Contingent expenses. — such as rewards for destroying dogs &c and temporary Estt in case it is required.

Harihar Municipality

20. The total income from all items together with the balance of the current year is estimated at Rs 1024 which is less than that of previous income Budgetted in the previous year by Rs 36.

21. Receipts under Octroi are estimated at Rs 200 against Rs 300 of the budget

to the decaying state of the town. The Municipality of Dawangere states that if the tax on piece goods be not introduced, it is very difficult to meet the cost of the Establishment which is essential for retaining the status of the Municipality. The increase which will be caused by the introduction of the tax on piece goods is estimated at Rs. 200. The Commissioner may be pleased, under these circumstances to obtain sanction of the Chief Commissioner as soon as practicable.

22. No alterations are made in the Establishment which undergoes a revision during the current year vide Commissioner's Docket No 148 dated 1st June 1878.

23. As the fund is not available no provision is made for any work needed in the town.

4 The other items of
income Call for no remark.
5. The estimated Expenditure
under all heads amounts
to Rs 6119 against Rs 5729
of last year.
6. The provision made
under head "Head office charg

is the same as in last year - but the Dy Accountant General ~~is of opinion that~~ points out that Rs 54 being the rateable proportion of the pay of the Accountant in his own office is omitted and that on the other hand Rs 48 have been provided for a peon and Rs 6 for Contingencies - The Dy Comm. states that the want of a peon for the Commissariat Deptt is very much felt and that provision has been made for the Entertainment of one on Rs 4 per mensem out of the Savings effected by the reduction of one of the peons attached to the Collection Establishment Under this explanation the increased charge under

Sanction to the introduction of duty on Piece goods without the Dy Comm^r may be instructed to lay the subject before the Municipal Board and to submit a copy of their Resolution for the orders of the Chief Comm^r

11 The amount proposed to be expended is Rs 2293

The provision on account of Public Works is Rs 453 which as noted in the margin is Rs 440 of the current year detailed in the accompanying Statement. This may be passed.

12 The provision made under the head of "Dispensary charges" exceeds the current years Estimate by Rs 70. This is sanctioned subject to details being furnished

The Dy Comm^r Considers the increase necessary specifying the proposed rates matter should be carefully considered with reference to the orders of the Govt of India printed in Circular Proceedings No 2027 of 20 July, and definite proposals submitted after consulting the Members of the Municipality

Total	453-0

as the sum of Rs 80 provided for in the current years Budget is deemed insufficient The increase may be sanctioned subject to details being furnished.

13 The proposed Expenditure under the head "Miscellaneous is put down at Rs 100 or Rs 40 more than Current year As the items of charges under this head are for the most part such as will require special Sanction, the provision is reduced to Rs 60 subject to explanation & passing of Bills if necessary

Karikar Inam

14 The Estimated Revenue of this Municipality amounts to Rs 940 or Rs 40 less than the Current year. The probable Cash balance on 1st April 79 is Rs 84

The total income is ~~therefore~~ therefore Rs 1024 out of which Rs 972 are proposed to be expended, leaving a balance of Rs 52 to be carried over to the credit of next year

15 The estimates under the several heads of Receipts and disbursements call for no remarks as they are based more or less on the actuals of 1877-78 and of the 1st six months of 1878-79.

The Dy Comm suggests that tax on Piece goods may be introduced into this Municipality to place it on a better financial footing. His attention will be drawn to the instructions contained in para 9 above

Letter No. 1054, dated 14th June 1879, from the Deputy Accountant General, submitting duly checked, the Budget Estimates of the Municipalities in the Kadur District, except the District Headquarter station of Chikmagalur for the official year 1879—80.

No. 1515-20—MUNL. 84, DATED BANGALORE, 18TH JULY 1879.

ORDER THEREON.—The estimated receipts and expenditure for 1879—80 of the Municipalities under notice are as noted below :—

Names of Municipalities.	Estimated Receipts.	Opening Cash Balance	Total.	Estimated Expenditure.	Closing Cash Balance.
1. Kadur	870	416	1,286	1,030	256
2. Tarikere	2,504	535	3,039	2,774	265
3. Birur	1,762	2,240	4,002	3,858	144
4. Banavar	780	115	895	870	25
5. Yedahalli	762	397	1,159	1,082	77
Total.....	6,678	3,703	10,381	9,614	767

2. Besides the house-tax, receipts from pounds and other miscellaneous items which constitute the ordinary income of the minor Municipalities as elsewhere, the octroi is collected in all the Municipalities, except Banavar, on articles of food, tobacco, arecanut and betel-leaves, and in Yedahalli on cloth also. In Banavar the Deputy Commissioner proposes to transfer the mohatarfa to the Municipality, as its funds are insufficient. The mohatarfa has hitherto been made over only to the District Headquarter towns and to Seringapatam where the Municipalities bear the cost of the Police. The expediency of making a similar concession to the minor Municipalities which do not bear any Police charges has to be considered separately as a general question. Meanwhile the receipts from this source provided in the estimate of the Banavar Municipality are struck out, and the charges should be revised.

3. Under the head of expenditure, it is observed that the percentage of the collection charges to the amount of collections is very high, both in respect of the octroi and house-tax. In Kadur, the collection of house-tax costs Rs. 90 against a receipt of Rs. 400, and the octroi collection charges are Rs. 56 against an estimated receipt of Rs. 200. In the minor Municipalities elsewhere, the collections are made by the local revenue establishments, either taluk or village, 5 per cent of the collections being given to them as remuneration. It is not apparent why a similar arrangement should not be made as regards the Municipalities in the Kadur District. It is reported that in Yedahalli, the Amildar has dispensed with the separate establishment as regards octroi collection. The Deputy Commissioner is requested to effect a similar arrangement in the other Municipalities, both as regards the octroi and house-tax, and so save their small incomes from any needless charge on account of establishments.

4. The Head Office charge which is distributed among the several Municipalities consists of the pay of a Clerk entertained in the District Office at Rs. 30 per month. The Municipal Clerks in other Districts are paid only Rs. 15. The Deputy Commissioner should reduce the charge in his Office under this head to the same amount.

5. The provision for conservancy which is the chief object to which the funds of the smaller Municipalities should be devoted, consists generally of a peon and an

establishment of sweepers. This is approved. The pay of the male sweepers varies from Rs. 4 to 6. It is presumed that there are adequate grounds for the apparent high rates of pay. In some of the Municipalities wheel barrows are proposed to be employed in the place of carts for the removal of rubbish on account of the narrowness of the streets. They may probably be found more economical in the other Municipalities also, unless local carts could be engaged at a less charge than Rs. 15 a month.

6. The pounds in these Municipalities seem to be worked to a greater extent than elsewhere. The receipts from, and expenditure on account of them, are large. In Tarikere especially, the receipts from pounds, which in the last year amounted to Rs. 600, are estimated at Rs. 900 for the current year; and the establishment consists of a Mutsaddi as well as a peon. Some explanation as to why the stray cattle sent to the pounds are so large in number, and whether the system in any way works oppressively on the people, is desirable

7. The expenditure on public works being dependent on the surplus available, is necessarily small. The only work of any importance proposed to be undertaken is a bandy stand at Bagur estimated to cost Rs. 2,255, which is provided for from the large cash balance available in this Municipality. The estimate for this work has already been sanctioned. The remainder of the proposed expenditure under the head consists of small outlays on local roads, cattle-pounds, drains and dust-pits.

8. The savings in the collection and Head Office charges above indicated will, if carried into effect, place the cash balances at the end of the year on a better footing than that shewn in the budget of the Deputy Commissioner. These balances should not generally be reduced to a less sum than 25 per cent of the amount of collections.

I proposed by Mr. Kristna Iyngar and seconded by the President that, as the income of the Municipality will fall short of the Estimated income, by the introduction of the new rates of House tax mentioned in the Chief Commissioner's proceedings No. 3362-73 Dated 27th September last, Mem. 161 the Cost of the Establishment be reduced, by effecting a reduction of the Municipal

and Town police Establishments.

The Committee observes that, at present there are 6 peons @ Rs 4 each and one Mutsaddy @ Rs 6 devoted solely to the collection of Octroi and Municipal House tax. This Establishment was necessary when there was a separate Municipal House tax, but now, as the Municipal and Mohalladari House taxes are to be combined and levied as a single tax under the designation "Municipal House tax" according to the Chief Commissioner's proceedings quoted above, the Committee considers the services of some of the hands unnecessary The Shanbag and potail can collect the Municipal House tax with greater facility together with the Mohalladari tax for which they are paid "puckapoti". The Committee resolves therefore to dispense with the services of the following hands and to increase the strength of Sweepers.

II proposed by the president and seconded by the Vice president, that a Sub-Committee be formed to undertake the assessment of Houses as directed in the Chief Commissioners

proceedings above quoted.

The Committee resolved that the following gentlemen be selected to form the Sub Committee.

1. Mr. Sreenivas Iyengar } 3. Setty Rachaiah
2. " Rama Rao. } 4. Esoof Sab.

The duties of the Sub Committee are defined below.

1. To fix the assessment on Houses as per Chief Commissioner's proceedings No. 3362-73 Munt 161 dated 27th September 1879
2. To revise the rates of Mohaturfa other than House tax.
3. To recommend remissions to the poor and houseless in cases in which the Sub-Committee consider such remissions necessary.

III. proposed by Mr. Sreenivas Iyengar and seconded by Rama Rao that, in order to place the town in a better sanitary condition, some arrangements be made to supervise the Conservancy Establishment.

The Committee considers the present system of supervision to be inadequate and

and in view to other Supervision being
Secured, resolves that the town be
devided into five Divisions each
being provided with two Sweepers
and one cart under the supervision
of one of the Members who will be
selected hereafter with the approval
of the Committee. In order to carry
out this arrangement, it is resolved
to employ two additional Sweepers @ Rs
3 each.

IV proposed by the Annadar and
seconded by Mr Sreeneras Iyngur
that the Madigur huts, situated
to the west of the Hulchungunni
temple be removed as their present
situation is imperious to the health
of the town.

The Committee resolves to remove
the above huts after obtaining the
consent of the owners, the cost being
met from the sum provided in
the current years Budget under the
Head "Miscellaneous"

V proposed by the Vice President
and resolved by the Committee,
that Srinivas Rao, 2nd grade teacher

Sir,

I have the honor to submit the Budget Estimates of the Chitaldroog Davengere and Harihara, Municipalities for the year 1880-81 as per margin together with the original docket No 215 dated 16th January last from the Commissioner Nuggar Division with which they were received. The actual receipts of the Chitaldroog and Harihara Municipalities and the Expenditure of the Harrihara Municipality for the year 1878-79 as well as the actual receipts of six months of the three municipalities of 1878-79 and 1879-80 have been correctly stated therein. Discrepancies found in the actual receipts and Expenditure of the Chitaldroog and Davengere Municipalities for the year 1878-79 have been rectified by this Office.

2. The estimated Receipts from Octroi in Davangere and Harihar shew a very large increase. Details of the articles on which the octroi is proposed to be levied and the rate of duty should be furnished. The octroi in the three new Municipalities is confined to Betel Leaves, Tobacco, Cocoanuts

Cocoanuts &c

3. The Receipts from House Tax and Abkhurfa in Chitaldroog shew a considerable falling off the reason of which should be explained No details in regard to the re-adjustment of the House and Abkhurfa Taxes in the Municipalities called for ~~here~~ in Pro Dy 2nd July 1880 No 5816-27 Mc: 286 have yet been furnished.

4. The details of the proposed Expenditure are given in the sub-joined Statement:

5. The Collection Charges in Dawangere and Haribar are high. There is no reason why they should not be reduced, as has been done in the larger Municipality of Chitaldroog. In the three newly-opened Municipalities, a ~~Cess~~ Contribution of Rs 1 for collection and a person on Rs 4 for Conservancy are provided. The former should be dispensed with, providing for the collection through the Village Officials, as is the case elsewhere.

6. The pay of the Clerk in the District Office, viz, Rs 30 per month, which is distributed over the three larger Municipalities, is ~~large~~ high compared with the other Districts where it had been only Rs 15, since raised to Rs 20, in order to provide for the audit of Municipal Accounts. It should be reduced to the same o

7. The rates of hire for Conservancy Carts seem

on the Budget ensu-
ing in the Chittaldroog District, for the
year 1882-83.

I Chittaldroog Town.

The estimated income together with the actual balance on the 31st March 1882 is Rs 7,768 against Rs 4,336 of last year. The increase of Rs 3,432 is owing to the large actual balance of Rs 3,303 added to the estimated income of Rs 4,465. This large balance is owing to the non execution of any works during the previous year the budget not having been sanctioned.

2. The following are the chief items forming the municipal Revenue.

Municipal Tax. 3. Under this head Rs 1,120 have been entered against Rs 1,200 of last year.

Toll Tax. 4. This is the chief source of Municipal Revenue. Under this head Rs 2,185 with an increase of Rs 385 against Rs 1,800 have been estimated, referring to the receipts of previous year.

Miscellaneous Tax. 5. This includes Shop, Room Rent, Bullock and Cart taxes. The collection under this head is estimated at Rs 87 against Rs 820 of last year the difference not being considerable.

Other sources of Income. 6. This includes the Interest, Fines, Rents, and Miscellaneous [illegible]

The estimation under this head is against Rs 220 of last year. The increase of Rs 90 is owing to the estimated income of Rs 100 under "Grounds & gardens".

7. As regards the establishment no alterations have been made; but the increase of Rs 48 under the head "lighting" is entered for oil contingencies, with a view to light 6 more lanterns than the existing No; 12. And Rs 80 more are entered than in previous year under the head "miscellaneous" to meet any unforseen expenditure.

8. The following are the works proposed to be executed during the year 1882-83.

Original.

1. Rs 400 for construction of drains.
2. Rs 100 do. of Latrines.

Repairs.

1. Rs 500, for Annual maintenance of Roads drains &c. - - - - - -
2. Rs 500. Head Reservoir of the water supply tank or Wadoo (90%) Repairs.
3. Rs 100. For water channel repairs.
4. Rs 50. Repairing old latrines. -

II Davangere Town.

9. The gross income of this municipality is estimated at Rs 6,346 against Rs 3,877 of last year. The large increase of

of Rs 2,469 is attributable under the head of actual balance of Rs 3,396 on the 31st March 1882, to the estimated income of Rs 2,950.

Municipal Tax. 10. Under this head Rs 1,200 have been estimated against Rs 1,100 of last year, with an increase of Rs 100 supposed to be collected according to the actuals of previous year.

Katarja Tax. 11. The amount estimated under this head being the same as that of the last year no explanation is necessary.

Petroi Tax. 12. The estimated collection under this head shows a decrease of Rs 420 to that of the previous year. This is owing to the abolition of Tax on Imported piece goods, as well as falling off in the collection in the previous year.

Other sources of Income. 13. The estimation under this head consisting of Sale proceeds of waste land Rounds, and Miscellaneous Items, shows a decrease of Rs 30 than that of last year. This estimate is based upon the actual collections during the last year.

Expenditure. 14. No alteration has been made in the establishment, save in the

"Conservancy" head. The list of carts being reduced from 15 to 14 Rs each, so there is a decrease of Rs 36 to that shown in the previous year, Under "Miscellaneous" Rs 50 more are entered for unforeseen expenditure.

previous year calls for no explanation.

Petroi Tax. 19. Rupees 50 more have been entered than that of last year.

Other Sources of Income. 20. This includes, Sale proceeds of waste lands; Rounds, and Miscellaneous Items. The sum of Rs 80 have been estimated against Rs 130 of last year. The decrease of Rs 50 is owing to the non-realization of the full amount estimated during the last year.

Expenditure. 21. The collection and Head Office establishments stand as it was in the previous year; whereas in the Cossaroui one Cart and two Sweepers are added in order to secure better cleanliness of the Town. Since Rs 888 under reduced rate viz. at 140 Rs per cart, has been entered against Rs 648 of last year And in the Miscellaneous head Rs 54 have been entered against Rs 31 of last year to meet any unforeseen expenditure under that Head.

Office of the Director of Public Instruction

Bangalore, 2nd May 1882.

From

The Director of Public Instruction.

To

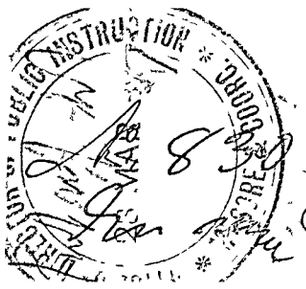
The Secretary to the Dewan
to His Highness the Maharaja of Mysore.

Sir,

I have the honour to forward for the orders of the Dewan this office Regd letter No 11937 from the Deputy Commissioner, Chitaldroog District, on the subject of the establishment of a Primary English School at Davangere.

I have the honour to be,
Sir,
Your most obedient Servant

Director of Public Instruction.



Chikaboroog Destrict
Dy Commissioners Office
21st March 1882.

To,
The Director of Public Instruction
Bangalore

Sir,

In reply to your letters Nos 2348 and 3394 of the 28th September 1881 and 16th January last I have the honor to state that the inhabitants of Davengire are so anxious to have a primary English school in their Town that they have not only taken no objection to the school fees being at Annas 8 a head but have also agreed to see that they do not fall short of Rs. 15 per month. The average attendance is about 40 boys and so the income from fees will not be less than 15 Rs per month.

2. The Municipal Board have agreed to contribute Rs 15 towards the maintenance of their Town school and to procure building rent-free. The staff of teachers proposed by you in your letter No 3394 is I consider sufficient for the present. I therefor request you will kindly obtain sanction of the Dewan to convert the school into a Municipal one from the beginning of the next Official year

3 In conclusion I may add that the Amildar reports that the inhabitants and the Municipal Board members

are anxious to secure the services of the present teachers, Venkatappa, and Subbarow who seem to have given them satisfaction. I examined the school in the early part of last month, and am satisfied that the masters are capable of managing the same.

I have the honour to be
Sir
Your most obedient Servt.

Sir,

With reference to your Docket No 1584/28 of 10th June 1882, calling for certain information regarding the English School at Davengere, I have the honor to report that on the 17th instant, I inspected this School and examined the boys as following is the result

2 The School was opened on June/71 and the cost of the Establishment was then Rupees 30/, Head Master (Matriculated) Rupees 20/, Second master Rs 7/, and a peon at Rupees 3/ per mensem, but now the peons services have been dispensed with and the present cost is shown Rs 27/ only There are two classes, the subjects taught in the 1st, or the lower class, are the 1st Book, Multiplication and Copy writing, while the subjects studied in the 2d or higher class, are the 1st number of Royal Reader's, Grammar, Geography, Arithmetic, Graduated Translation 1st part, & Dictation

3. The number of boys on the roll is 48, viz 19 in the lower, and 29 in the higher class, while the average attendance is 40, and the amount of fees realized is 4 annas from the former and 8 annas from the latter The hours of attendance are from 12 A.M. to 5 P.M. with a recess of one hour (2 to 3) The present state of

efficiency of the School
is creditable for its age.

The School is
maintained from the
fees paid by the boys which
according to the scale
shown above, is Rupees
19-4-0, and the balance
of Rupees 7-12-0, required
is subscribed and paid
by the Amildar, the
Moonsiff, the Hospital
Assistant and other officials.

It must be here observed
that no Sowcars of the
town now pay any sub
scription though it is
said that when the School
was started some of them
promised to pay 4 annas
each.

Out of the 48 boys
shown in the School Registe
only 15 are Lingayet boys
others are the children of
Public officials, and a few
of Cutizen Brahmins &c.

In conclusion I beg
to enclose copy of the
remarks made in the

No 3090/44 of 26th July/82

Order thereon. As the English School is of benefit only to some classes of the people, it is necessary that those who are to be benefited should bear the greater portion of the cost. An amount Equal to one-half of the income from fees and private subscriptions, not exceeding 10 Rs per month, may be contributed from Municipal Funds.

Letter from the Director of Public Instruction No 52 of 2nd May 1852

In the above the Director solicits orders on the subject of the Establishment of a Primary English School at Davangere

Extract from enclosure No 1 of 2nd

2. From Enquiries in the Director's Office, it would appear that the inhabitants of Davangere are anxious to have English Education extended to that town have started an English School and that boys from Noble School attend it. The School has two classes, one upper and the other lower, taught respectively by Venkatappa and Soobba Rao, whose services seem to have been valuable. Their present pay and the present cost of the School is not known. The Dy. Commr. considers the Staff of Teachers now proposed by the Director as noted in the margin to

3. The deputy Inspector of the North Circle, who examined the School on 12th Decr last, says that the upper class which contains 20 boys has gone through Garthwaite's English First Book and 20 pages of Royal Reader No I and that the lower class consists of all beginners

2. The Subjects taught

4. The deputy Inspector states that the School Register contained 52 boys of whom 45 were present during his examination, 20 of these being in the upper class.

3 The No of Students

5 It is not clearly known what fee is at present paid by the students; but the Dy. Commr, in his Letter of 21st March 1882, says that the inhabitants of Davangere, not only do not object to the fee being fixed at 8 annas a head but also agree to see that the fee-realizations do not fall short of Rs 15

6 How maintained, by Subscription?

7. The School is termed a Private School. The inhabitants have it is said, organised it; and ask for a grant Municipal Funds it is not clear it is supported Subscriptions raised the townspeople or whether it depends upon the fees collected and the Municipal grant anticipated.

7. In what state of Efficiency is the School at present.

8. As regards the state of the School, the deputy Inspector, referred to, states that, during his examination the boys read well and translated English sentences into Canarese and vice versa and spelt difficult words correctly but they pronounced English words badly. The Deputy Commr. who examined
